

Want to advertise your Escape trailer on our website?

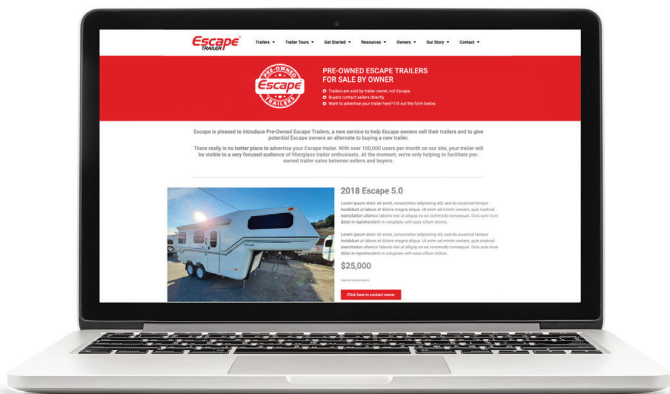

- Trailers are sold by trailer owners, not Escape

We provide Escape owners a venue to advertise your trailers on our website. We have over 10,000 viewers on our website monthly and most are in the market for an Escape. Our site has no advertising and is easy to follow and we help create the listing. There is no fee for this service.

- We'll connect buyers with the sellers

After the seller sends us the trailer details, we will post the trailer on our pre-owned page. Your e-mail and/or phone number will be visible in the photo gallery for buyers to contact you directly. We send weekly updates to our list of buyers interested in your trailer model.

Here's what you need to do

- 1 Fill out the form at the bottom of our Pre-Owned submissions page. We will need the following info: Your contact details, Escape model and year built, VIN number, selling price, and the location of your trailer. **Please note:** Your e-mail inbox may be working overtime while your listing is live. We suggest that you may want to set-up an e-mail (with G-Mail etc.) specifically for the purposes of the trailer sale. Then, when the trailer is sold, you can delete the account.
- 2 Send up to 5 photos of your trailer. We recommended at least 2 exterior photos and 2 interiors showing the front and rear of the trailer. Landscape mode works best.
- 3 If you have the Escape build sheet showing the trailer options you can send that as a PDF. If not, you can include options and features in your written description.
- 4 Send us a written description of your trailer up to 250 words. Please copy and paste your description into the comments field of the form.
